

Master's Thesis Research
Full Time Equivalent Status

Students must register for a minimum of three credit hours in their first semester of 799. After that semester, students may enroll for one credit of 799 per semester and be considered full time, if the following requirement is met: the student, advisor and department chair must certify each semester that the student is working full time on the thesis. Please note: Master's students must maintain continuous enrollment in 799 while writing and submitting a thesis. Students in this category must have this form completed by their departments every semester that the status is claimed.
